# Travel Card season tickets

- You can load on your Travel Card a season ticket for any period between two weeks and one year (14-366 days). The price of a season ticket consists of the 14-day basic fare and the price of extra days for the 15-352 days following.
- You can load one or two consecutive season tickets leaving a maximum of 60 days between each one. The tickets are priced separately.
- The validity of the season ticket can begin immediately or within 1-60 days from the moment of purchase.
- You can calculate the prices of season tickets using a calculator at [www.hsl.fi](http://www.hsl.fi)

## HSL Ticketing and Information Reform

The introduction of the new Helsinki region ticketing and information system begins in early 2016.

### Reform in a nutshell

- New Travel Card readers and ticket machines have touch screens and an easy-to-use user interface. The switch to the new Travel Card readers will take place in phases during 2016. During the transition period, there will be both old and new card readers on vehicles. The buttons of the new card reader are the same as those of the old one.
- In future, real-time timetable information for all buses, trams, commuter trains and the Metro will be available on displays at stops as well as in the new Journey Planner. This significantly improves passenger information.
- New Travel Cards will also be introduced, approximately at the end of 2016.
- The reform enables online loading of Travel Cards, which will be introduced approximately in 2017.
- A new zone system is tentatively scheduled to be introduced in 2018.
